_____ **Basic Plan** = \$550 for the season (\$22 per week). This plan should provide enough produce for 2 people who still buy some vegetables and fruits elsewhere.

_____ **High Value Plan** = \$800 (\$32 per week). This plan includes extra early tomatoes and cucumbers and other high-value crops out of our greenhouses.

_____ **Localvore Plan** = \$1000 (\$40 per week). This plan is for a household dedicated to eating locally produced food.

While we prefer your payment in full at the time you sign up for our CSA, we understand that not everyone has the ability to do so. Anyone choosing to pay in installments must give us post-dated checks for the full amount of their share at the time they sign up.

Sign up before April 15 and receive one extra delivery free
